- Breeding Recommendation Suitable for most heifers or cows
- This bull had a real light actual birth weight, his EPD of calving ease direct and BW, suggest him suitable for most heifers. He has a really nice phenotype, and walks out well.
- His breed leading sire, major AI bull, **SAV Ten Speed 3022**, is a well-proven, industry-leading curve bender that sires easy-feeding, growthy cattle that perform at all stages.
- His dam, Madame Scheckel D235, continues to serve our herd, as well as her powerful dam, who is a donor cow pictured on our website.
