- Pay attention here! Some of the most powerful and elite performance genetics available anywhere. Top 2% in the industry for weaning weight and yearling weight EPD.
- This bull will sire calves that smash the scale, and leave daughters to build a herd around.
- His sire, the now deceased J.J. Scheckel herd bull, **SAV Allegiance 6277**, was a powerhouse individual with perfect phenotype and performance. We have semen from him and will continue to use him heavily in our herd. He is everything we look for, powerful performance balanced with maternal greatness.
- His dam, SAV Blackcap May 4611, is a now deceased past J.J. Scheckel donor cow, she was a rare full
 sister to the \$180,000 selling, major AI bull, SAV Regard 4863, who still has sons and grandsons topping
 sales throughout the industry.
