- One of the very best bulls in the pen. A standout phenotypically, a lot of length and thickness. A royal pedigree to back him up. He will be a bull to build a herd around.
- He boasts: Top 1% Weaning Weight EPD, Top 2% Yearling Weight EPD, Top 2% Carcass Weight, Top 10% Ribeye, Top 5% Dollar Weaning EPD, Top 20% total Dollar Beef EPD.
- His sire, the now deceased J.J. Scheckel herd bull, **SAV Allegiance 6277**, was a powerhouse individual with perfect phenotype and performance. We have semen from him and will continue to use him heavily in our herd. He is everything we look for, powerful performance balanced with maternal greatness.
- His dam, **Ellston Scheckel D128**, is a top up and coming young cow in the J.J. Scheckel herd. She stems from the famous Hoover Angus cow, **Erica of Ellston G366**, who was one of the best ever in 100 years of breeding Angus cattle. This young cow D128, is maintaining a tight calving interval and bringing in some top replacements for our program.

- Current Weight 3/01/2021 - 1,820 lbs
- Current Hip Height 3/01/2021 - 54"
- Current Frame Size - 5.5
- Current Scrotal Cm - 44
- Breeding Recommendation - Suitable for large frame heifers or cows
- Some of the best genetics right here if you want thickness and weight in your calves. A bull that had a tough start, his dam died when he was young, so his weaning and yearling data are a little behind, but his genetics are some of the most elite to be found, and he is a remarkable individual loaded with muscle and thickness.
- His sire, the now deceased J.J. Scheckel herd bull, **SAV Atmosphere 6600**, was a line bred Blackcap May, He was maternal brother to the famous **SAV Blackcap May 4136**, he was a bull that locked in the performance of everything he bred.
- His deceased dam, the most influential cow in our herd, **Lady Net Worth 308-032**, dominated the turf she walked on, 2,200 lbs of power, thickness and length. She has a bull calf that is in the Top 10 at Midland Performance Bull Test in Montana, competing against over 600 others. Her offspring are always top of the herd.

Sire, SAV Atmosphere 6600
