Dam SAV May 2397

Sire SAV 8180 Traveler 004

Full Sister SAV Blackcap May 4136

- Full sister to nine million dollar breed icon, **SAV Blackcap May 4136**.
- Very rare, very few exist, full sister's of the arguable greatest cow ever in the entire Angus Breed, the world-famous **SAV Blackcap May 4136**.
- She was individually valued at over \$150,000
- Further, **Blackcap May Scheckel D4136**, is phenotypically flawless in every way. Extra long and thick. We predict she will be known as one of the best ever full sisters to exist. Her Dam, **SAV May 2397**, is no longer producing, making these full sister mating's impossible to recreate.
- Her full sister, **SAV Blackcap May 4136**, has been one of the most influential cows ever to exist in the Angus Breed. She has shattered all records as the number 1 income producing cows in SAV history, generating millions in progeny, 127 direct sons and daughters of 4136, has averaged \$30,000. She has been known as the Sire Producer. She has produced AI stars like the \$750,000 **SAV President**, \$650,000 **SAV Sensation**, the \$110,000 **SAV Resource**, the \$725,000 **SAV Pedigree**, and many more major AI Bulls, including: **SAV Recharge**, **SAV Renown**, **SAV Seedstock**, **SAV Rainfall**, **SAV Raindance**, and **SAV Governor**.
- Blackcap May Scheckel D4136 produced the #2 Weaning Weight bull calf from our 2019 ET calf crop. The Bull **G601**, weighed in at 810 pounds, or 3.10 weight per day average.
- Blackcap May Scheckel D4136 produced the #3 heaviest heifer calf from our 2019 ET calf crop, the calf **G502** weighed in at 806 pounds or 3.09 pounds per day average.
