Pine Coulee Patsy X36 — BC Classic 385-7
Pine Coulee Patsy T502

Sire, Duff-JC 4Real 16250

- Duff 4Real 16250-2426 is a spectacular bull sired by the famous Duff-JC 4Real 16250, and he is out of the picture perfect donor cow, Pine Coulee Patsy A13.
- He weaned at 809 pounds. He is a real bull's bull- a smooth-walking, 3-dimensional ground-pounder, ripped with that extra bulging hard muscle, high-capacity, extra spring of rib, length, base width, depth, and a big ol' crest. His feet are rock solid and correct in every way. We feel this unique 4Real / Resource blending has the potential to muscle up offspring tremendously while at the same time leaving superior maternal traits in all the daughters.
- His sire, Duff-JC 4Real 16250, was the \$90,000 selling bull in the 2021 Duff Sale. He sires muscle, length of body, style, and massive rib shape. His daughters are super feminine with a ton of capacity.
- His dam, Pine Coulee Patsy A13, is a beautiful SAV Resource daughter with perfect udder. She had daughters sell for \$42,000 and \$20,000 for half interest. She maintains a positive WW and YW earned production ratio as well.

Paternal Grand sire, S A V Resource 1441

Dam, Pine Coulee Patsy A13
