                   O'Neill's Delia 703 — TC Stockman 365  
                                                   O'Neill's Delia 620

- Another pick of the herd by J.J. Scheckel, from the heart of the now-dispersed, world-famous O'Neill Angus herd, that successfully operated more than 65 years breeding Angus cattle. O'Neill Angus excelled at commercial feedout performance, with the best maternal excellence to be found anywhere in the Angus business - the accolades are too long to list.
- She is a maternal sister to **O'Neill's Expedition**, the proven, champion bull that put the O'Neill's program on the map worldwide. Expedition sired bull test winners, and progeny that dominated the performance industry.
- Her dam, **O'Neill's Delia 715**, is the dam of multiple major herd sires and A.I. bulls. One of the single greatest cows ever bred by Jim O'Neill.
- Her sire, **O'Neill's Jock**, weaned at over 900 pounds, has proven himself as a calving ease sire, with added performance. He served as a senior herd sire and held immense influence in the O'Neill herd until its ending.

Maternal Brother, O'Neill's Expedition

Sire, O'Neill's Jock

Dam, O'Neill's Delia 715
