— SAV May 2397 — SA F 598 Bando 5175
SAV May 7238

- Selected as \$26,000 lot #1 Female by J.J. Scheckel, at the Cornerstone Production Sale in 2016.
- Her dam, **SAV Blackcap May 4136**, has been one of the most influential cows ever to exist in the Angus breed. She has shattered all records as the #1 income producing cows in SAV history, generating millions in progeny. 127 Direct sons and daughters of 4136 have averaged \$30,000. She has been known as the Sire Producer. She has produced A.I. stars like the \$750,000 **SAV President**, \$650,000 **SAV Sensation**, the \$110,000 **SAV Resource**, the \$725,000 **SAV Pedigree**, and many more major AI bulls, including: **SAV Recharge**, **SAV Renown**, **SAV Seedstock**, **SAV Rainfall**, **SAV Raindance**, and **SAV Governor**. These bulls would all be maternal brothers to our SAV Blackcap May 4553.
- She is paternal sisters with the dam of **AAR Ten X**, the famous-in-her-own-right, and extremely powerful, **AAR Lady Kelton 5551**.
- Blackcap May 4553 produced the #1 Weaning Weight heifer calf of our 2019 ET calf crop. The heifer calf G514, weighed in at 864 pounds, or 3.86 Weight per Day average.
- Blackcap May 4553 produced the #1 Weaning Weight bull calf of our 2019 ET calf crop. The bull calf G607, weighed in at 846 pounds, or 3.50 Weight per Day average.
- Blackcap May 4553 produced the #3 weaning weight day average heifer calf from our 2019 ET calf crop, the calf G515 weighed in at 3.26 pounds per day.
