- Maternal sister to lot # 1 bulls in the 2006 and 2008 SAV production sales.
- Maternal sister to the lead off heifer in the 2007 SAV production sale.
- Her dam, **SAV Emblynette 1181**, is a 2nd generation pathfinder in the SAV herd. She posts a progeny weaning ratio of 7 @106 against the stiffest competition of contemporaries in the business.
- Her grandam produced over 1 million in progeny until the age of 17
- This cow is a high-end, beautiful-uddered, feminine, **SAV Bismarck** daughter. SAV Bismarck is a major A.I. bull with pathfinder status.
- She has had her own progeny sell in the yearly SAV production sale, averaging \$11,000 each. She also has a production record of birth 2 @ 97, and weaning ratio of 2 @103, from stiff competition.

Sire, SAV Bismarck 5682

Dam, SAV Emblynette 1181
